Profile

I am Pritam Das. I belong to Kolkata. I have been living in Chennai. Currently, I am exploring job opportunities in COMPUTER SCIENCE as I am pursuing my degree from SRM University

I am very interested in Computer Science. my class experience and other practical projects in the college further boosted my interest in Front end developers as a full-time career option.

Not only I am passionate about the field I graduating from CSE, but I am also inclined toward Game development, Artificial intelligence, and Machine Learning I have always been an active student in school and college. I have participated in many cultural events during my school and college days and have won many awards.

In my free time, I enjoy making games and websites

And I am looking forward to knowing more about this opportunity.
